## ARGUMENTS ENDED.

Scott Jackson's Fate in the Hands of the Jury.

## REST BEFORE DELIBERATION.

The Judge Holds the Case Over Night So as to Give the Jurymen Some Sleep. Colonel Crawford Closes His Speech and Prosecuting Attorney Lockhart Winds Up the Case.

CINCINNATI, May 14.—The second day's attack upon the state's evidence in the Jackson trial began Wednesday morning. Attorney Crawford's voice was hoarse as he started upon his speech.

"When I concluded yesterday evening," he said, "I was talking of the medical testimony. You will remember that J. B. Locke, the honest farmer on whose land the body was found, described the clot of blood on the bank as indicating that some bloody object had been wiped there. He said that the blood upon the privet bush leaves appeared to have been left there by some bloody object passing across the bushes.

"You remember that it rained that night. Couldn't the rain which fell that night have gathered some of that blood and left it in the drops which gave the appearance of squirts? That is the whole explanation of the blood upon the privet bushes.

"If the girl was not killed at Fort Thomas, where are you going to say she was killed?"

The speaker paid his compliments in a decidedly positive way to expert medical testimony. He read an extract of a lecture by Dr. Draper before the Harvard medical school, in which expert testimony was characterized as ridiculous and a disgrace to the profession.

He then took up the bridge ticket question, and criticised the statement of the prosecution that the tickets were vehicle tickets, yet, when they were placed in evidence, they proved to be pedestrian tickets.

Continuing, he said: "Now I come to what I consider the most important evidence against my client. I refer to the letter written to Will Wood by Scott Jackson." He said Jackson had read of the finding of the body, and he knew that as soon as Pearl Bryan would be missed her disappearance would be laid at his door. He knew that he would be suspected, and so, foolishly panic-stricken, he wrote a letter to Will Wood telling him to let the Bryan family learn that Pearl had gone to Chicago, or somewhere else.

He argued that if Jackson had cut off Pearl Bryan's head he would not have dared to write a letter to Wood, Pearl Bryan's cousin, calling his attention to the matter. He also argued that Miss Bryan was not far from blame in that she told her parents she was going to Indianapolis when she came to Cincinnati. He said that if any attempt at an operation was to be made, she was a party to it.

Crawford finished his plea for the prisoner at 11:47 o'clock. His final appeal was pathetic. "Let this boy go back and be the support to his mother in the declining years which she hoped he would be. She has prayed God that if her son is guilty she may die without finding it out. But she believes that she has been spared to hear you 12 men declare him innocent."

Court was then adjourned until 2 o'clock.

W. R. Lockhart, commonwealth attorney, then began making the closing speech. He discussed Attorney Crawford's abuse, so he called it, of the detectives. "I have never seen more magnificent work," the speaker said, "or work with more satisfactory results."

Regarding public sentiment Lockhart said: "I say to you, gentlemen of the jury, you reflect the sentiment of the community. No jury can sit here as you do and fail to take in the impressions of this community regarding the guilt of this prisoner."

The speaker took up day by day Pearl Bryan's movement and those of Scott Jackson and Alonzo Walling in the weeks preceding the murder. With great detail he described the scene in Heider restaurant as Scott Jackson unfolded a paper and read the first account of the horrible murder at Fort Thomas.

"And he says he became panic-stricken," remarked Lockhart. "That man panic-stricken! That man who has gone through this trial as immovable as the rock of Gibraltar!"

"Did Jackson ever ask Walling what had become of Pearl Bryan?" inquired the speaker.

"After the reading of the paper in the restaurant, a most remarkable thing happened. It will prove as damaging as the ring in the Durant case, which the murderer took from the stiffening finger of Blanche Lamont. Scott Jackson says he went to the suspension bridge and threw the dead girl's clothes into the river. It would have been easy to have thrown the fatal valise into the river at the same time, but it clung to him."

Colonel Lockhart dropped into a chair near Scott Jackson, and in this position continued his speech. He told of Jackson's efforts and failures to get rid of the valise.

"Can't you see the hand of Providence in this case?" he exclaimed, as he sprang to his feet again.

"Jackson would better have told this jury," said Lockhart, regarding Jackson's story on the stand; "he would better have said that he was at least indirectly responsible for Pearl Bryan's

condition, that he secured some one to relieve her; that she was taken to a room, and that there she died."

Discussing the probability evidence in general Attorney Lockhart said:

"I want to say that under the instructions of this court and all the evidences and circumstances, the defense of alibi is one that does not deny the statements made by the prosecution," said Colonel Lockhart.

"I am not going to discuss the Rose McNevin story, because Scott Jackson himself contradicted her in several respects.

"A good alibi must cover every possible moment at which this murder was committed.

"As for George H. Jackson the prosecution does not need his testimony.

"Summing up the evidence for the Commonwealth, you can have no doubt of the identity of the victim of the murderer.

"Scott Jackson is the only man who had a motive to murder the poor girl. There was the motive; there was the opportunity."

Colonel Lockhart finished at 5:03 and Judge Helm said that on account of a hard day's work the jury would not be given the case until in the morning.

He ordered them not to talk about it or think about it any more than possible.

The attorneys were ordered to get all the evidence together which is to be presented to the jury and the court adjourned.

### WEYLER HAS RESIGNED.

He Is Ordered, However, to Remain at His Post in Cuba.

NEW YORK, May 14.—A cablegram from Havana to a New York morning paper says:

The report that Captain General Weyler has resigned because of the action of the home government in the case of the Competitor filibusters is true, but it is not accepted with confidence by the public here.

It is understood that the government refused to accept the resignation and ordered General Weyler to remain at his post under the present circumstances.

General Weyler has intimated to the Spanish government at Madrid that he would not brook interference with the execution of the prisoners taken from the Competitor, and that his resignation would follow if the death sentence was delayed.

### FOUR HUNDRED SPANIARDS KILLED.

KEY WEST, May 14.—Advices from Havana state that in the recent action between Antonio Maceo and General Yucan at Cacarajicaras, Pinar del Rio, 400 Spaniards were killed, while the Cubans lost 17. Socarras, the famous Cuban leader, was killed in this battle.

### ALMOST DONE.

St. Louis Convention Hall to Be Finished This Week.

ST. LOUIS, May 14.—Contractor Richard P. McClure, of the convention hall building, says that the building will be practically finished by Saturday night of this week. All the work that will remain to be done at that time will be some grading and perhaps some tinkering around the building.

The plastering, or staff work, is practically complete, and the windows are being put in while forces of workmen are engaged on the roof and floors. Plumbers are also at work arranging drainage, sewer connections, etc., and some granite work will be done about the entrances. The building will therefore be practically complete two weeks ahead of the specified time and one month before the time set for the convention.

### CRUSHED UNDER A BILL BOARD.

FRANKFORT, Ind., May 14.—James Clemenning, an old and respected citizen of this county, was probably fatally injured here yesterday. While walking along the street, one of Forepaugh & Sells Brothers' circus bill boards fell on him. An examination developed that one of his hips was badly crushed, and that he was otherwise injured. Mr. Clemenning is 75 years old, and is just recovering from serious injuries he sustained several weeks ago by being trampled on by a horse. He sustained a fracture of the skull at that time.

### TO STOP RACING AT ROBY.

INDIANAPOLIS, May 14.—Attorney General Ketcham has left for Crown Point to apply for a temporary injunction against the Roby people on behalf of the state. The injunction will be applied for before the Lake county circuit court.

The governor and attorney general have been for some time intending to proceed against Roby and a short time ago after the racing had started on the second track it was decided to proceed by injunction upon the ground that the people at the back of the racing are violating the law.

### KILLED HER DUSKY LOVER.

ST. LOUIS, May 14.—The most interesting murderer ever locked up in St. Louis is 22-year-old Sarah Bunn, better known as "Fascinating Sarah Bunn," admitted by the police as the most expert thief and all-round female crook in the city. Yesterday at her rooms she shot her lover, a colored man named Alex Howard. The bullet struck Howard in the stomach and he died at the city hospital last night. She claimed the deed was committed in self-defense—that Howard had attempted to strangle her.

SAN FRANCISCO, May 14.—United States minister to Japan, Mr. Dun, arrived from Japan by the steamer China. He is on a vacation and will visit his home in the east.

## CONFERENCE IN 1900

It Will Meet the First Wednesday in May.

### A SLIGHT CHANGE OF TIME.

A Proposition Made to Hold the General Conference Each Six Years Instead of Four—Strong Armenian Resolution Introduced—Halt Called in Spending Money—Other Doings of the Conference.

CLEVELAND, May 14.—The Methodist conference was opened yesterday with Bishop Vincent in the chair. The devotional services were conducted by the Rev. R. E. Gillum, a colored minister from central Missouri.

The first resolution offered denounced in the strongest terms the Armenian outrages and massacres, and referred to the apathy of the Christian governments of Europe and America. It closed by calling on congress to pass a joint resolution authorizing the president to enter into negotiations with the European powers most directly interested with a view of interfering and preventing further massacres.

The resolution also provided that a copy of the resolutions be sent to both houses of congress. It was referred to the committee on state of the church without discussion.

The proposition to change the time of holding the general conference from May 1 to the first Wednesday in May aroused a discussion on the point of constitutionality of the action. Three-fourths of the annual conferences have approved it, and it was approved by more than two-thirds of the general conference. Dr. Leonard led the opposition, but he was literally buried, as the vote stood 397 yeas and 19 nays. The next general conference will therefore meet on the first Wednesday in May, 1900.

A proposition was presented by Rev. L. R. Fisk of Detroit to hold the general conference each six years. The reasons given were that it would save \$2,500 per day and would save time, as under the present arrangement 5,000 men are out of church work four weeks, or an aggregate of 45 years. Other reasons were that it would reduce the anxiety incidental to elections, would give more satisfactory test of officers elected, would save criticisms and give a longer time in which to test changes in discipline and would insure greater stability and permanency. It was referred to the committee on state of the church.

Chaplain C. C. McCabe presented a constitutional amendment which forbids any missionary society from appropriating any sum in excess of the income for the year previous. This was to call a halt on the appropriations, which have been made in excess of the income.

KEEP YOUR EYE ON JAPAN.

A Standard Oil Man Gives Her a Good Name.

SAN FRANCISCO, May 14.—J. W. Copman, general manager of the Standard Oil company in Japan and China, arrived from the Orient on the steamer China. Mr. Copman has great faith in Japan as an important factor in the commercial world. He says she is forging ahead in all lines of industry, and would save criticism and give a longer time in which to test changes in discipline and would insure greater stability and permanency. It was referred to the committee on state of the church.

This competition, Mr. Copman says, will affect Europe more than this country. The Japanese, he says, have the two requisites to success of any nation—frugality and industry. These traits of character, he says, are alike noticeable in the rich and poor. Further than this, he says, Japan is ambitious and this, coupled with her frugal and industrious habits, will bear her along on the full tide of commercial power and her influence will be felt all over the world.

### WRECKED FOR REVENGE.

Two Bad Badgers Who Had It in for the Company.

RACINE, Wis., May 14.—Reinhold Dunsey and Michael Reider have been arrested on the charge of placing ties on the tracks of the Chicago and Northwestern road for the purpose of wrecking a train on Sunday night. Dunsey finally acknowledged that Reider and himself placed the ties on the track.

Afterward Reider not only acknowledged Sunday night's doings, but confessed to having placed the ties on the track on the night of April 23, when a locomotive and several freight cars were derailed. The only reason the men give for their conduct is that they narrowly escaped being run down by a train on the road some time ago and then swore to get even with the company. The men have been held for trial.

### BEN EDER SOLD FOR \$10,000.

LOUISVILLE, May 14.—Mike Dwyer bought Ben Eder from McGuigan, his owner, yesterday afternoon, for \$10,000. He offered \$7,500 the other day for the colt after his great work in the derby, when he ran Ben Brush to a nose finish, but McGuigan refused to accept it.

Ben Eder was worth more money. Ben Brush and Ben Eder were both entered in the Clark stakes yesterday, but after Dwyer purchased Ben Eder he withdrew Ben Brush from the race.

### ANTI-MISISONARY RIOTS.

SHANGHAI, May 14.—Anti-missionary riots broke out at Kiang-Yi yesterday. The British mission was looted and burned. The missionaries escaped.

### HEAR THE HOWL.

The Thunder Has Something to Say on the Chefoo Incident.

LONDON, May 14.—The Times says, regarding the reported seizure at Chefoo of land situated within the British concession: "It is inconceivable that the land which China cedes to Russia at Chefoo forms part of the British concessions. Such an act would entail an immediate demand for reparation. In any case the government will see that Englishmen are not wronged with impunity. The moral of the incident is that other powers dispense with preliminary exhortation when they want anything from China and threaten force. China knows that they are in earnest and yields. Until we instill a similar conviction into the mandarins we shall always come off second best where France and Russia are our rivals."

A special dispatch received here from Shanghai says that the British and German ministers at Pekin have protested against the action of Russia in occupying part of the shore of Chefoo, contrary to treaty rights. The dispatch adds that the entire Russian squadron in Chinese waters will rendezvous at Chefoo in readiness to occupy Port Arthur or Kiachao bay, on receipt of instructions from St. Petersburg.

In well informed commercial quarters in London it is believed that the Chefoo incident is nothing but an ordinary business deal, as Ferguson & Company have been offering the land, which is alleged to have been seized, for sale during years past. The only cause for disquiet is found in the fact that the Russian Steam Navigation company, through whose agent, Mr. J. Smith, an American, the land has been occupied, is a company subsidized by the Russian government.

NO BABIES ON BICYCLES.

Chicago Medical Men Say It Injures the Tots.

CHICAGO, May 14.—The fond father, the admiring uncle and the doting big brother, who have been in the habit of strapping baby into a basket or other contrivance and giving the youngster a ride on the bicycle, must forego that sort of amusement or incur the liability of prosecution.

Such is the edict of the Illinois Humane society. The officers of the society have been giving the matter serious investigation. The brunt of a shock when a collision occurs is only one of the least objections raised. Medical experts, they say, are convinced that the rapid and unnatural motion affects the child's brain. The official protectors of the children propose to invoke the aid of the law.

### INJURED BY A RUNAWAY.

EAST LIVERPOOL, O., May 14.—A team became frightened at a circus parade here yesterday and plunged wildly into a crowd of women and children. A number of persons were knocked down and trampled. Mrs. William Hayes was so badly injured that she will die. Mrs. Philip Morley and Mrs. Jefferson Morley were trampled by the horses. John Walters' leg was crushed, Mrs. George Cox, Miss Annie Canne and Mrs. Annie Smith were badly hurt, and Mrs. Frank Knowles was run over by the wagon.

### COULDNT LIVE WITHOUT HER.

XENIA, O., May 14.—Frank Harner, a young man aged 19, living two miles west of this city, died suddenly Sunday. It has since developed that the young man doubtless committed suicide, as a bottle of "rough on rats" was found in his room, and he was known to have been intimate with a Dayton woman, who committed suicide some days ago. Grief over the death of this woman is supposed to have been the cause for the rash act.

### GREEN GOODS MEN ARRESTED.

CHICAGO, May 14.—The third gang of green goods men to be arrested in this city within a year was broken up last night. The government officers arrested George Williams and Thomas Slake. They are looking for J. Morgan, who the two arrested men say was the leader of the gang. The men had done nothing beyond getting out circulars, but they were preparing to go into the business on a large scale.

### FOUR MEN KILLED BY LIGHTNING.

CADIZ, Ky., May 14.—Yesterday afternoon during a severe hail and wind storm here, John J. Wallace, a prominent farmer, and his three sons, sought shelter under a huge sycamore tree. The men had no sooner reached the tree than a bolt of lightning struck it and killed all four of them instantly.

### ICE BLOCKING NAVIGATION.

ST. JOHN'S, N. F., May 14.—This port is again blockaded with ice, and the Allan line steamer Corean, with mails and passengers, is outside waiting for the ice to break. The steamer Capulet has reached Petty harbor, and there are 22 sailing vessels at Trepasy, all waiting for the coast to clear.

The manufacturers appear to be very well satisfied with the present Democratic tariff. The Manufacturers' Record of Baltimore has made an investigation as to the sentiments of the manufacturers of this country with a result that will be somewhat surprising to many people, especially the McKinleyites. The Record asked a number of manufacturers in different parts of the country what they deemed essential to the re-establishment of prosperity in the United States. Of the 178 replies received only sixty-five, or a little more than one-third, asked for an increase of tariff rates, and many of those professed to want only a tariff that will yield sufficient revenue. One hundred and five answered that the thing necessary was the cessation of the silver agitation, or its equivalent, the definite triumph of sound money. Eight asked for the free coinage of silver, one of them being in Major McKinley's town, Canton, O., and one in Buffalo. Thirty wished the tariff left alone or kept out of politics.

### Kentucky Red Men.

At the annual session of the State Grand Council in Augusta this week, J. R. McConnell was elected Great Sachem; J. B. Mendenhall, Great Prophet; F. L. Smith, Great Chief of Records; John Armstrong Great Keeper of Wampum; Willie Walker, Great Sannap, W. E. Fite, of Augusta, Great Senior Sagamore; J. J. Winter, of Augusta, Great Junior Sagamore; W. C. Diedrich, of Ashland, Great Mishivewa; M. Grow, of Newport, Great Guard of the Forest, and T. M. Russell, of Maysville, Great Representative to the Great Council of the United States.

Mr. McConnell, who was elected Sachem, is one of Lexington's best known secret society men, being a member of most all the orders.

### Perfect Wisdom

Would give us perfect health. Because men and women are not perfectly wise, they must take medicines to keep them perfectly healthy. Pure, rich blood is the basis of good health. Hood's Sarsaparilla is the One True Blood Purifier. It gives good health because it builds upon the true foundation—pure blood.

Hood's Pills are purely vegetable, perfectly harmless, always reliable and beneficial.

## THE M. E. CHURCH, SOUTH.

The Congregation in This City Contributed About \$3,000 Last Year.  
Paid All Claims in Full.

Looking over the financial report of Kentucky Conference of the M. E. Church, South, made at the last annual meeting in Winchester in September, 1895, it is found that the church at Maysville paid every assessment in full, as follows:

|  |            |
|--|------------|
| Pastor.....  | \$1,350 00 |
| Presiding Elder.....                               | 127 00     |
| Missions, bishops and other conference claims..... | 489 57     |
| Other purposes.....                                | 658 77     |
| Total.....   | \$2,625 34 |

Other amounts raised by Sunday school, Epworth League and women's societies swell the total contributions of this church last year to about \$3,000.

### Merchants of Maysville.

Don't wait until we secure the cheap excursions to advertise your wares and make an effort to build up your business but come now and place an "ad" in the DAILY and WEEKLY BULLETIN, and if your reward is not commensurate with the labor and expense attached to your effort it will not be because your "ad" did not receive a broad circulation. The advertiser who makes use of the DAILY and WEEKLY BULLETIN has placed his "ad" where the people of Maysville, Mason County and the adjoining counties can see it. Try it and be convinced.

The Saturday double edition of the DAILY BULLETIN you will find an excellent advertising medium, filled with the news of the day and a choice selection of special and miscellaneous matter.

### Trying to Freeze Him Out.

The George G. Fetter Company of Louisville are the State printers by contract. The State Printing Commission have been cutting down the accounts so much that the company will bring suit to compel them to allow the full amount claimed due under the contract. An agreed case will be submitted to Circuit Judge Cantrill in a short time. Fetter's accounts have been reduced from about \$10,000 to less than \$7,000, and he claims the commission did this arbitrarily without consulting the terms under which the work was done. Fetter is a Democrat, and the administration, it is said, wants to freeze him out.

### U. C. T. Excursion.

On account of the United Commercial Travelers' Convention in Cincinnati, the C. & O. will run a special excursion train from Huntington to Cincinnati, reaching Cincinnati at 4 p. m., stopping only at principal stations, and which will reach Maysville at 2:47 p. m. Fare for the round trip, \$1.25. Tickets will be good returning on regular trains, except trains 2 and 4, up to and including train 16 Sunday, May 31.

## THE WORTHINGTON ESTATE.

The Heirs Finally Reach a Compromise and Take the Case Out of Court.

The litigation over the large estate of the late Henry Worthington of Covington has been settled. The heirs have effected a compromise, and the big case comes out of court. The Commonwealth says the stipulations of the agreement are as follows:

The will is to stand and all debts to be paid.

A mortgage for \$70,000 due Hack Worthington is to be given him on Fern Bank and property at Middletown, Ohio, with right of redemption any time within five years.

The sum of \$10,000 is to be paid out of the estate to Kearns Worthington's trustee, and \$2,500 set apart to support Captain James Whips.

Mrs. Stuart purchases from Hack Worthington, for \$50,000, his interest under the will except the 7,000 acres of land in Tennessee.

She also purchases Sam M. Worthington's interest under the will.

The estate of Mrs. Maria Worthington, wife, and of Mattie, daughter (both deceased) of Henry Worthington, is to go in as part of testator's estate.

After payment of the debts and performing these obligations the estate is to be divided in two equal parts, Roberta Hamilton to take the one half. Out of the other half \$5,000 is to be paid Miss Lettie Ware, and the part due H. W. Stuart, son of Mrs. Lilly Stuart, is to be set apart for him, after which the balance of such half to be paid to Lilly Stuart.

All parties to the compromise to pay their own attorney's fees; \$20,000 to be paid the Hamilton brothers as executors.

A. Stuart is to resign as administrator in Ohio, and the trust so far as the Stuarts are concerned is to terminate.

The Hamiltons are to wind up the estate.

According to the Curator's accounts the assets amount to \$724,936.10 and the liabilities \$317,098.53, leaving a net surplus of \$407,837.57.

Under the agreement it is settled that Lillie Stuart shall receive as part of her share part of the stock in the Farmers' and Shippers' Tobacco Warehouse Company, also the bonds and stock of the Suburban Electric Company, and she on her part has covenanted with Hack Worthington and agreed to convey same to him as part price for his interests under the will.

## TWO COMIC FARCES.

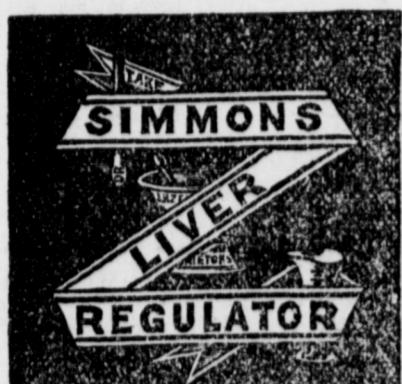

"The Bicycler" and "Proposing Under Difficulty"—See Them at Opera House May 20th.

It's a go and you must go. Where? To the opera house next Wednesday night, May 20th, to see two splendidly interpreted and comically absurd farces entitled "The Bicycler" and "Proposing Under Difficulty." The company of players is made up of our best performers, and those who attend can rest assured of being highly entertained.

Don't forget also that the money which you pay for a seat will go into the fund for maintaining a ball club in our city. If we strike now we can get together a better, or as good, a team as the one which carried Maysville with a flaming torch of glory from the Atlantic to the Pacific and cross country wise.

Tickets are 50 and 35 cents and can be reserved without extra cost.

An electric railroad between Maysville and Flemingsburg is again talked of.

## THE BEST SPRING MEDICINE

Is SIMMONS LIVER REGULATOR. Don't forget to take it. Now is the time you need it most to wake up your Liver. A sluggish Liver brings on Malaria, Fever and Ague, Rheumatism, and many other ills which shatter the constitution and wreck health. Don't forget the word REGULATOR. It is SIMMONS LIVER REGULATOR you want. The word REGULATOR distinguishes it from all other remedies. And, besides this, SIMMONS LIVER REGULATOR is a Regulator of the Liver, keeps it properly at work, that your system may be kept in good condition.

FOR THE BLOOD take SIMMONS LIVER REGULATOR. It is the best blood purifier and corrector. Try it and note the difference. Look for the RED Z on every package. You won't find it on any other medicine, and there is no other Liver remedy like SIMMONS LIVER REGULATOR—the King of Liver Remedies. Be sure you get it.

## A FLEMING FARMER KILLED.

Charles Neice, of Plummer's Landing, Murdered Near His Home.

Charles Neice, aged sixty-eight years, a farmer of Plummer's Landing, Fleming County, was found murdered near his home Tuesday morning.

When found he was lying on his back with his skull and left cheek bone crushed and his left eye driven into his head.

A Coroner's jury returned a verdict that death was caused by unknown parties, but there is a well defined suspicion that the murder was committed by a man with whom he had had previous trouble and who was seen near the place where the crime was committed a short time before the body was found.

There is great excitement over the murder, as Mr. Neice was a man much respected and liked in the county.

JOHN ALLEN and Arnetta Taylor, a colored couple, were granted marriage license yesterday.

REV. E. B. CAKE will lead the prayer meeting at the Christian Church to-night. Services begin at 7:30. The public invited.

THE meeting of the W. C. T. U. will be held this afternoon at 3 o'clock at the residence of Mrs. J. M. Scott, of West Second street. A full attendance is requested.

HON. L. W. ROBERTSON presided as Special Judge at the trial of a case in the Fleming Circuit Court yesterday, Judge Harbeson being related to some of the parties or interested in the case.

THE remains of the late Michael Miller were interred yesterday at Augusta. He was a brother of Captain Jacob Miller of this city, and died May 11th, at his home near Minerva, aged eighty years.

REV. W. G. BRADFORD has been assigned by Presiding Elder Frenger as pastor of the Third Street M. E. Church, of this city, until the next conference. Mr. Bradford is at present attending the Union Theological Seminary at Boston.

JACK ALEXANDER, the restaurant keeper who was shot by William H. Steers at Paris, died in that city yesterday morning at 8:30 o'clock. Alexander refused to credit Steers for a drink, and ordered the latter from the house. Steers returned later with a revolver and shot Alexander. Steers is in jail. He is not an L. and N. brakeman, as reported, but has worked recently as a fireman at the Richmond ice factory, and was out of employment at the time of the shooting. He has relatives in this county.

**WEEKLY CROP BULLETIN.**

What the Weather Bureau Says of the Present Outlook in Kentucky.

[For the week ending May 11th.]

The week showed a continuance of the remarkable weather conditions which have prevailed in the State during the past month or more. The amount of sunshine received was excessive, the greater portion of the week being absolutely cloudless. No rain is reported up to Monday morning, when the majority of reports were mailed, but it is quite probable that local showers fell in the afternoon and evening in all except the extreme eastern sections. So far as can be ascertained from available records, the heat of the past week was unprecedented for the season. Maximum temperatures above 90° were general during the past four days, several sections reporting extremes as high as 96°, and one, Williamsburg, 99°. The general outlook for crops is not nearly so encouraging as at the date of the last report, and much complaint is made this week even from the sections which had hitherto experienced no serious harm from drought. In many localities the lack of rain is resulting seriously, and unless copious showers fall very soon the almost total failure of crops is threatened. None but local showers covering limited areas have fallen during the past six weeks, and some correspondents state that no rain of consequence has occurred in their districts since March.

Western Kentucky.—The general tone of correspondents' reports from this section of the State continues to show a better condition of crops than that which prevails in other sections. The effects of the drought are beginning to be felt, however, though as yet no serious damage of a general character has resulted from it. Corn planting is practically completed though some fields in the lowlands are as yet unplanted. Most of the crop is up and much of it has been worked. The stand is generally good and the fields are unusually free of grass and weeds. Wheat is heading rapidly, and though some correspondents state that it is low, and thin in places, yet the general character of reports would indicate that its condition is fair at the least. Tobacco plants are ready to set and farmers are waiting for rain in order to start the work. As a rule, the plants are abundant and of good size. Oats are not doing well in most localities. Meadows and pastures are short and suffering for rain. Garden stuff is in a generally fair condition. Fruit prospects are still good. Much complaint is made of the presence of cut worms, cinch bugs and potato beetles, but, as yet, it does not appear that serious harm has resulted from them.

Central Kentucky.—Reports from this section of the State are even more discouraging in tone than those of last week, particularly those from the central and eastern counties. The hot, dry weather has parched and baked the soil so that it cannot be worked. Corn is coming up poorly, and its growth stunted by lack of rain. Some fields are as yet unplanted. The condition of the soil not permitting the work. The condition of wheat is generally reported to be poor, and it has made no progress during the week. Some is heading very low, and unless rain falls very soon the prospect for the crop will be very unpromising. Oats do not look well as a rule, and pastures and meadows are very short. Hemp is reported to be suffering very seriously from the drought. Tobacco is ready to set, but farmers are waiting for

a good season for the work. Some scarcity of plants is complained of. Garden crops have suffered seriously, and many correspondents report damage to strawberries, which promise a short crop. Fruits still look well. Comparatively little complaint is made of injury from cut-worms and insects.

Eastern Kentucky.—Reports from this section are somewhat conflicting in character, but, generally speaking, crops have made little or no progress during the week. The condition of wheat is reported to be from poor to fair. Some of it is heading very low. Meadows and pastures are suffering severely from the drought, and food for stock is becoming short. Corn has not all been planted owing to the dryness of the soil. Some of the earlier planted portion of crop is above ground, but, as rule, does not look well. All garden crops are coming up badly, and much complaint is made of injury to potatoes from bugs. The prospect for fruits is generally reported to be good, especially for peaches. All vegetation is suffering for rain. The correspondent in Fleming County states that practically no rain has fallen in that locality since March. Tobacco plants are small and scarce. Complaint of damage from cut worms is made from many localities.

"Here at last is information from a highly scientific source that must work wonders with this generation of men."

The book fully describes a method by which to attain full vigor and manly power.

A method by which to end all unnatural rains on the system.

**CUPID AND PSYCHE**

To cure nervousness, lack of self-control, depression, &c.

To exchange a jaded and worn nature for one of brightness, buoyancy and power.

To cure forever effects of excesses, overwork, worry, &c.

To give full strength, development and tone to every portion and organ of the body.

Age no longer means failure impossible. Two thousand references.

The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.

A despairing man, who had applied to us, soon after wrote:

"Will you tell me that first day is one I'll never forget? Just a little while ago, I wanted to lug everybody and all the things I had died yesterday, and my new self was born to-day. Why didn't you tell me when I first wrote that I could find it this way?"

And another thus:

"Will you stamp and send me the book? I've got a cart load of gold at my door, but have no time to go about it."

Write to the ERIE MEDICAL COMPANY,

ERIE, PA., and ask for the little book

entitled "COMPLETE MANHOOD."

Refer to paper, and the company promises to send

book, in sealed envelope, without any

charge, and entirely free, until it is well intro-

**Gladness Comes**

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
